

Unlocking your child's **Superpowers**

**What We Do**

Infinity Center for Behavior Services is an early intervention center that utilizes Applied Behavior Analytic therapy for early learners ages 1-6 who have been diagnosed with autism spectrum disorder. **Our Services Include:**

- Diagnostic and Assessment Services
- Individualized Treatment Plans
- Intensive Individual and Group Therapy
- Social Skill Development
- Speech and Language Services

**Who We Are**

The Infinity Center is made up of professionally trained staff who specialize in ABA Therapy, including doctoral and masters level Board Certified Behavior Analysts (BCBA-D, BCBA), Licensed Clinical Psychologists, and Registered Behavior Technicians (RBT). The Infinity Center is a subsidiary of Humanim, a human services nonprofit organization with over 50 years of experience serving individuals with intellectual and developmental disabilities throughout Maryland.

At Infinity Center we are passionate about delivering the highest quality of services to ensure that children and their families meet their treatment goals. We believe that compassionate, evidence-based practices and collaborative treatment are the keys to unlocking your child's potential.

**Our Approach**

**We work together with parents and caregivers to develop individualized treatment plans that meet the specific needs of each child and their family.**

Treatment goals incorporate early learning milestones that are essential to your child's development, including communication, functional life skills, independent play skills, social skills, tolerance for health and safety skills, decreasing problem behavior, and specialized trainings for parents and other care providers.

*Infinity Center uses the principles of Applied Behavior Analysis (ABA), the gold standard in treatment for children with a diagnosis of autism spectrum disorder, in the development and implementation of treatment and therapy.*
