

Volunteer this March with Humanim's Start on Success Program

Help students succeed after graduation through virtual job coaching & professional development!

ABOUT START ON SUCCESS (SOS)

Humanim's award-winning SOS workforce program prepares high school students with disabilities to succeed in the 21st century workforce. The program equips youth with the skills and experience necessary to become competitively employed after graduation through a combination of career and workplace readiness training.

VIRTUAL MOCK INTERVIEWS

Humanim's Impact Leaders Network is seeking volunteers to help Start on Success (SOS) students hone their job interview and public speaking skills, as they prepare for their job search after graduation. Volunteers will conduct mock interviews with students, while providing professional feedback and coaching.
