

YOU'RE INVITED TO

Humanim's 50th Anniversary Celebration

The time has finally come to celebrate a special milestone for Humanim – 50 years of providing services to our communities!

A lot changes in the span of five decades. What started as less than five employees in the early 1970s has grown into nearly 400 employees serving over 3,000 individuals per year.

Our progress is made possible by passionate employees, a strong board, and local supporters and partners. We hope you can join us to network and catch up with old friends, while investing in impact initiatives that help our communities thrive.
